## Electronic Prescribing (E-Prescribing) Compounded Injectable Semaglutide

1. Identify our Pharmacy in your EMR system.
  - a. The Medicine Shoppe in Victor, NY
  - b. CRM-Canandaigua LLC in Victor, NY (some systems use our corporate name)
  - c. (585) 337-4300
  - d. 75 Victor Heights Parkway, STE C, Victor, NY 14564
  - e. Our NPI: 1427315266
2. Select the Medication
  - a. If your EMR system allows you to free-form a compounded medication that does not have a single-number NDC, consider free-form typing as the prescribed medication “**Compounded Semaglutide 2.5mg/ml**”
  - b. If your EMR will now allow you to free form, call the pharmacy and we can assist you with a verbal or fax Rx.
3. Add the Directions or “SIG” (used to embed compound name and directions – PICK ONE)
  - a. **Titration Dosage of Compounded injectable Semaglutide 2.5mg/ml**: Once weekly, inject 0.1ml for 4 weeks, then inject once weekly 0.2ml for 4 weeks. Quantity to be dispensed, 1ml.
  - b. **Ongoing Dosage of Compounded injectable Semaglutide 2.5mg/ml**: *(for 1mg / week)* Once weekly, inject 0.4ml. Quantity to be dispensed, 2ml.
4. Enter the authorized # of refills.
5. We also need an **Rx for Syringes to administer the Semaglutide Compound.**
  - a. Select a “27G x 1/2 ML TB Syringe”; Quantity to be dispensed: #10; Enter # of Refills.
  - b. Sig: To be used with Semaglutide Injection Weekly

**Call any of our pharmacists Mon-Fri from 9am – 5pm if you need assistance.  
(585) 337-4300 Option #3, then #2.**
